2021 Services Profile
CSG West is a nonpartisan, nonprofit organization that fosters the exchange of insights and ideas among western state legislators and legislative staff, advocates multi-state partnerships, cultivates leadership, and promotes a regional vision based on common interests that transcend state and international borders. As one of the four regions of The Council of State Governments, a national community of states, CSG West engages members on a more intimate, regional level while also providing a national platform for the exchange of ideas and information.

In support of our members, CSG West convenes a variety of programs and events designed to facilitate collaborative learning aimed at addressing regional concerns. This includes policy committees, policy academies, professional development training programs, and international relations opportunities designed to strengthen legislative institutions. Information about our 2021 committees, programs, services, and events is included in this booklet.

CSG West is governed by our Officers and the Executive Committee, which is comprised of western legislative leaders. The Officers, which provide direct oversight of the organization, are elected annually and rotate in accordance with the organization’s rules to ensure bipartisan governance. Acting as a governing board, the CSG West Executive Committee meets annually to review the work of policy committees, adopt policy positions, and review the ongoing development of the organization, as well as select participants for the Western Legislative Academy.

Participating in CSG West has made me a better legislator, full stop. Knowing and learning from my colleagues across the 13 western states helps me understand western issues more fully. I have come to rely on CSG West staff and the bi-partisan members for expert advice, legislative ideas and friendship.”

“"We share much more than a border with Mexico, we share opportunities, communities and a forward vision. Now more than ever, communication and collaboration with our neighbors is a vital part of our success as a nation and as a region.”

California Assemblymember Jose Medina, BLC Chair
The Legislative Council on River Governance (LCRG) engages legislators from Idaho, Montana, Oregon, and Washington in dialogue focused on issues facing the Columbia and Snake River Basins. Members share relevant legislative actions in their respective states enabling them to learn from one another and identify areas of potential collaborations. Resource experts from a range of agencies, academia, and other community organizations are invited to join the conversation allowing members to learn from the most current information on the health and wellbeing of the basin, as well as the communities dependent on it for food, water, recreation, and power. Recent meetings have addressed topics such as aquatic invasive species, fisheries, the Columbia River Treaty negotiations, energy, and water quality.

Idaho Senator Michelle Stennett, LCRG Chair, will host the 2021 meeting in Lewiston, Idaho on August 23 & 24.

The LCRG is the only forum convened by and for legislators of the Columbia and Snake River Basins. It is vital to our future that the Idaho, Montana, Oregon and Washington delegations come together to hear about the latest issues and developments impacting our shared region, from energy to fisheries and the Columbia River Treaty negotiations.”

The Western Legislative Academy (WLA) brings together western state legislators for an intensive multi-day training designed to sharpen leadership skills on communications, consensus building, time management, ethics, and more. Sessions are interactive and hosted by national leaders and academic authorities. Additionally, class members learn from each other allowing the opportunity to develop lasting relationships with legislative peers.

Participation in the WLA is limited to legislators in their first four-years of cumulative service. To be considered for the program, interested members must complete an online application including letters of recommendation from their peers.

Selected members will be invited to join the 2021 WLA class in Colorado Springs from December 7–10. Applications will be available on the CSG West website through April 23. For questions about the program or application process, please contact CSG West staff.

“Never has networking and inspiration from a group gelled so completely. WLA takes our strengths and sharpens them, takes our weaknesses and remakes them, to be revealed as strengths. We become the best leaders we can be by being with other incredible leaders, learning from one another, and discovering our best selves.”

*New Mexico Representative Andrea Romero, WLA 2019 Class President*
