

# Strategic Workforce Investments

## What SB 103 Implemented:

- A biannual survey for workforce projections tied to Utah’s Economic Clusters
- Regional workforce program planning requiring:
  - Partnerships
  - Stackable credentials
  - Aligned to the regional workforce needs
- Allows for appropriations to fund stackable credentialing programs for high growth and high demand occupations

## Applications were judged on the following criteria:

Does the project...

- Serve one of the strategic industry clusters?
- Clearly define the stackable credential pathway?
- Clearly defined “on-ramps” and “off-ramps” for students?
- Involve a partnership of at least two of the following: K-12, UCAT, and or USHE?
- Does the project meet regional industry demand and identify types of jobs available to graduates?

## Stackable Credentials
