THE COUNCIL OF STATE GOVERNMENTS

ABOUT THE LCRG

Established in 1998, the Legislative Council on River Governance (LCRG) engages legislators from Idaho, Montana, Oregon, and Washington to address issues facing the Columbia and Snake River Basins. By sharing relevant legislative actions in their respective states, members are able to learn from one another and identify areas of potential collaboration. Resource experts from a range of agency, academia, and other community organizations are invited to join the conversation allowing members to learn from the most current information related to the health and wellbeing of the basins, as well as the community impact for those dependent on them.

Sponsors of the program are invited to attend all scheduled meeting sessions in addition to hosted activities listed for each sponsor level. Throughout the program, registered sponsor attendees enjoy the opportunity to engage with members and other key officials from the basins in a relaxed and collegial atmosphere.

CSG WEST is a nonpartisan, nonprofit organization that fosters and facilitates regional cooperation, and strengthens western state legislatures.
