

**Dr. Mark A. Northam**  
**Director of the School of Energy Resources**  
**University of Wyoming**

Mark Northam is the Director of the School of Energy Resources at the University of Wyoming. He came to the university in 2007 after a year and a half with Saudi Aramco in Dhahran, Saudi Arabia where he worked as a Research Science Consultant in the Research and Development Center. Prior to joining Saudi Aramco, Mark worked for over twenty years at Mobil and ExxonMobil. He held a variety of domestic and international positions in research, operations and management during that time. His technical background is in the area of fossil energy natural systems with primary focus on exploration for and development of coal, oil and gas accumulations. He also has extensive experience in carbon dioxide management technologies and processes.

Mark earned a Ph.D. degree in Organic Geochemistry from the University of Texas at Austin and a Bachelor of Science degree in Chemistry from Wake Forest University. He is originally from Virginia.
